COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, MARCH 14, 1917.

NUMBER 20

ANNOUNCEMENTS.

For Jailer

We are authorized to announce A. W. TARTER a candidate for Jailer of Adair county subject to the action of the Republican party, as expressed at the August primary.

Personals.

Mrs. W. T. Price believed to be gradually improving.

Mrs. J. N. Page, who has been quite sick, has about recovered.

Mr. J. O. Russell left for the Cincinnati market last Thursday.

Mr. A. D. Patterson made a business trip to Lexington last week.

Mr. M. Cravens was at home to attend the funeral of his granddaughter.

Mrs. A. H. Ballard, who has been sick for two months, is improving slowly.

Mr. Fred Myers, who is employed at Toledo, Ohio, is spending a week with his wife and children.

Mrs. Guy Nell and her little son, Guy, who visited in Birmingham, Ala., returned home last Friday.

Mr. and Mrs. Carl Thorp, of Birmingham, Ala., are visiting Mrs. Thorp's parents, Mr. and Mrs. R. E. Tandy.

Byron Montgomery, who is in the revenue service, and who came home thinking he would get as much as a month's vacation, was ordered last week to report at Gettysburg, one of the best places in the Fifth district.

Mrs. C. S. Bishop, who has been visiting relatives in Louisville, arrived in Columbia Saturday. She is a sister of Mrs. W. H. Shaw and Mrs. J. C. Spears, of this place. She wishes to meet all her old friends and relatives while in Columbia, then return to her late home in Chattanooga, Tenn.

Rev. H. B. Grider, of Bowling Green, passed through Columbia last Thursday afternoon, en route to Montpelier, to see his father, Mr. W. C. Grider, who has been critically ill for the past week. Mr. Grider is one of Adair's best citizens, and it is hoped by his many friends that favorable symptoms will set up and that he will recover.

Born, to the wife of Edwin Cravens, March 8, 1917, a daughter.

The taxable property of Adair county, as taken from the tax book, is \$2,607,683.

M. O. Stevenson bought of Bill Grant, Roy, last Thursday, a brood mare 7 years old, for \$200.

Born, to the wife of Pete Garvin, Campbellsville, Sunday, March 4, 1917, a son.—Joseph Lewis.

Frank Toliver picked up about twenty mules here county court day. He paid from \$100 to \$140 per head.

Fred Harris, who got his foot mashed last week while removing an iron safe, is able to be out, after having been laid up for several days.

Mr. Lander Bryant closed recently a very satisfactory and successful school at the Garlin school house. He was liked by the patrons as well as the pupils.

Mr. Bascom Dohoney received a fine Poland China boar pig Saturday, bought from W. L. Whorton, of Springfield. The pig is the big type and a fine one.

Bennett, Gresham & Co., bought a hog from Geo. Smith, of color, last Wednesday, that weighed 300 pounds. They paid 13 cents for it. This is believed to be the highest price ever paid in Columbia for a shipping hog.

Mr. Lawson Jones, who was well-known in the southwestern portion of the county, died last Wednesday at his home near Sparksville. He served in the 13th Kentucky Infantry, and was 71 years old the 5th of this month.

Mr. Sam Burdette met with a very painful accident last Wednesday afternoon. He was handling mules in his lot and was kicked on his left hand, breaking a small bone. It will be several weeks before he will be able to use his hand.

Dr. W. A. Ganfield, president of Centre College, will preach at the Presbyterian church in this place on Sunday, April 8th—Easter Sunday. As there will be a very general desire on the part of all the congregations of the community to hear Dr. Ganfield, we would suggest that Union services be held on one or both of the services.

ADAIR COUNTY NEWS

Sanford Strange, the little son of Mr. and Mrs. J. C. Strange, fattened a couple of shoats which he sold to Bennett, Grasham & Co., last Thursday. They brought him \$32.46. The sale will not only stimulate Sanford, but other little boys will want to engage in pig raising.

Rev. Frank Cheek, of Danville, delivered two interesting discourses at the Presbyterian church last Sunday, forenoon and evening. Fair congregations heard him at each appointment. The church is without a pastor and has been for some months, but an effort is being made to secure one.

Paul Revere, in the Edmontown News states that Senator Beckham is untrue to his proclaimed temperance principles, and that he voted with the whisky crowd. The bill before the Senate was a drastic measure, and Senator Beckham knew that if it passed it would ruin State wide prospects in Kentucky, and for that reason he voted as he did. The leading temperance papers of the country endorse Mr. Beckham's action. Mr. Beckham is a gentleman of intelligence, and knew beyond the peradventure of a doubt that those who wanted the prospects for State wide killed, were anxious for that bill to pass.

Notice.

I want every one owing me to call and settle, as I need the money. From this date I will do strictly a cash business. J. M. Kearnes.

Six o'clock Dinner.

Rev. and Mrs. O. P. Bush entertained the official board of the Columbia Baptist Church recently at a six o'clock dinner. All spent a delightful evening. Those present were Dr. J. N. Page, Messrs. J. N. Conover, R. F. Pauli, J. R. Garnett, W. E. McCandless, F. H. Durham, A. D. Patterson, Dr. James Triplett.

Mr. Stephen Jones Dead.

The subject of this notice died last Wednesday afternoon, about 3 o'clock, at the home of his daughter, Mrs. Bryant, near Watson, this county. He had been complaining for several months, but able to be about most of the time. He was about 73 years old, and was well-known in the eastern part of Adair. He was sitting in his chair dead, when found. He had been a thirty year man and left a very good estate. He had his will written about three weeks ago.

Faulkner-Lowe.

Last Sunday forenoon Miss Frona Faulkner, daughter of Mr. and Mrs. T. C. Faulkner, and Mr. Geo. W. Lowe were married by Rev. O. P. Bush at the home of the bride's parents, on Burkesville street.

We are informed that for the present the couple will board at the Hancock Hotel.

Both the bride and groom have many friends, hence the best wishes of the community is extended. May the god of love be their sustaining power, is the wish of this paper.

Death of an Infant.

Mary Frances, the first born of Mary and Edwin Cravens, died last Sunday between eleven and twelve o'clock. It was only three and a half days old. Its going away was trying on its parents, but they should remember, the injunction of their heavenly Father, "Suffer little children to come unto me and forbid them not for of such is the Kingdom of heaven." Religious services were held at the home Monday, conducted by Rev. O. P. Bush, and the interment was in the city cemetery.

Latest War News.

The statement from Secretary of State Lansing to the effect that American merchantmen have the right to fire upon German submarines at sight, on the general theory that the German undersea boats are outlaws of the sea is expected to lead to an immediate clash of arms between this country and Germany.

Only complete breakdown by Germany can prevent entry of America in war.

Right to fire on u-boats at sight interpreted to mean war at once.

Revocation of unrestricted warfare by Teutons would avert hostilities.

Failure of ruthlessness only hope Capital sees for peace now.

Serious times in sight.

Coming.

Since the splendid entertainment given sometime ago under the auspices of the Woman's Club, many requests have come to these ladies for another. On March 23, a similar program will be presented under the direction of the Woman's Club, at the Paramount Theatre. The program is an exceedingly interesting one, Miss Argine Gossett, being the reader, and Miss Frances Balrd, the pianist, both young ladies coming from the Louisville Conservatory of Music. All attending this recital will be assured of an interesting entertainment.

Gradyville.

We have had plenty of rain and sleet for the past few days.

Joel Rodgers spent the first of the week at Greensburg and Roachville.

Poke Mitchell, of Edmontown, was here the first of the week looking after old leases.

Robert O. Keltner was on the sick list several days last week.

Dohoney & Cheatham, of Milltown section, received a lot of hogs here the first of the week at 10 and 11 cents per pound.

W. L. Grady bought last week a fine Peacock stallion, price not known. Mr. Grady is noted for fine horses.

Mrs. Elizabeth Beachamp, of Nashville, Tenn., is visiting her daughter, Mrs. E. E. Nell, near this place at this time.

The boys of our town have been catching some very fine fish out of our creek for the past week or two.

Robt. Wethington bought last week from Albert Brummett & Coomer & Gowen a large body of hickory timber for the Adair Spoke Co., that will be manufactured at this place. Mr. Wethington will also buy timber here.

We are very glad that the company has decided to open up their business here again, as it is the life of trade. The above timber is known in this section as the J. M. Wilson timber.

Married on the 27th, Mrs. Sallie Sherrill to Mr. Sherrod Hatcher, of Cane Valley section. Rev. Bush, of Columbia, pronounced the ceremony. The newly married couple will reside at Mr. Hatcher's home near Cane Valley. Their many friends in this community wish them a happy and prosperous life.

Died on the 27th, Mr. Jesse Breeding in his 77th year of age. He had been confined for several months with a complication of troubles, but when the end came he was ready to go. There never lived a stricter business man, honest in every particular, than Mr. Breeding. He dealt honestly with every man. His funeral was preached by Rev. Scott before a large audience of friends and relatives and his remains were interred at the family cemetery.

Uncle Charles Yates, one of the oldest men of our town, is able to walk down to the post office every day when the weather is good, after his mail and is looking well for a man of his age. He is the last one of the Yates brothers, who were all charter members of the Gradyville Baptist Church, and donated largely to the support of the church, and we are glad to say that their children have not forgot their training when it comes to giving to the support of their church. "Uncle Charlie" informs us that his great nephew, Geo. Yates, of St. Charles, Ky., sends annually \$5, and his nephew, Ernest Yates, of McGregor, Texas, gives annually \$5. W. C. Yates, Campbellsville, pays \$10 annually, also Mrs. W. R. Lyon, Campbellsville, donates liberally to this church. George and Ernest hold their membership at this church, converted when very young.

Mr. A. W. Tarter Announces.

Perhaps there is not a more widely known man in Adair county than the subject of this writing, who announces this week his candidacy for Jailer of Adair county, subject to the action of the Republican party. He was born and reared in the lower end of the county, and twelve years ago he was nominated by his party for the position he is now seeking. He made the race, was elected, and for four years made a diligent officer, his record meeting the approval of the entire county. For the last eight years he has been living quietly in Columbia, farming and running teams. He is a man who has many warm personal friends, all of whom will take a delight in supporting him in the race. His life is an open book, and he asks the Republicans of the county to investigate his fitness for the office, believing that they will come to a favorable conclusion and support him for the nomination and then elect him. From now until the primary he expects to be active, and he earnestly asks his friends to do every thing in their power to advance his interest. He is a friend to all his Republican opponents, hence they may expect courteous treatment from him.

Lattimore, March 4, 1917.

Editor News:—Excuse my seeming neglect, but I have been very busy in the school room, hence my correspondence has suffered.

As President Wilson, a devout Presbyterian, is to be inaugurated to-day, it certainly would not be wrong for me to write a letter to my home paper. I voted for Wilson, am his friend and admirer, and the Old North State came up with a splendid majority.

While I am for Germany as far as she and "Hengland" are concerned, I favor the "last man and the last dollar" if she, Japan and Mexico invade our shores. I don't share in this mawkish sentiment toward our "Mother? country." I read history and remember causes of Revolution, also of war of 1812. My grandfather helped humble the forces of British tyranny in first struggle, and both my grandfathers in latter. In first we fought the millions of and idiotic king with tories of our own land, and in

last we fought the troops of our "Mother Country" and hostile Indians, led by Tecumseh. While this great chief was an untortured savage, he was a better man and a better soldier than Proctor, the English general.

I am aware that the money of Wall Street makes some people see things, as British gold and lack of stamina caused people to see things during the Revolution, and New England to have visions and dream dreams during the struggle of 1912. But I stand with Jefferson, Washington, Otis, Franklin etc., in first; and Clay, Calhoun in the latter struggle. I get no boodle from Wall street, and wear no collar of any church or political rings.

My views are not popular with staid preachers nor corrupt politicians. Nearly every church paper I see is boo-hoing over the atrocities of "barbarous Germany" and trying to canonize England. I don't place either King in the calendar of saints, but if I was fighting and some neutral power were to furnish the other side money and implements of destruction, and make my staple crop contraband of war as "Hengland" did our cotton, I should rank that nation as considerably lower than the angels.

New England has furnished England munitions of war, England made cotton contraband, and the South at 7 cents, when Germany would have given us 18.

If we can't make peace, let them fight it out, I am for uncle Sam against all comers and goers, but let's have a just cause.

Leaving politics, allow me to say that John Logan, of Macomb, Ill., writes me that he made 6,000 bushels of corn, and sold 2,000 bushels at 85 cents a bushel. Here the awful floods of last summer ruined corn and cotton.

Good wishes to all, and a fervent prayer that we may be spared the atrocities of war.

Melvin L. White.

Public Sale.

On Monday, March 19, 1917, it being the first day of Circuit Court, we will take to the highest bidder at the Courthouse door in Greensburg, Ky., the old Lewis home place "Vaucluse," containing 198 acres, besides being one of the best old homes in the State. This is a tract strong and desirable and adapted to the growing of all crops, corn, wheat, oats, tobacco, both burley and dark. About 75 acres of timber, containing some of the finest poplar, oak, ash and hickory to be found in the State. A rare home and a rare bargain for the purchaser. Nine room brick dwelling in good repair. Good tobacco barn, good stable and good double corn crib. All large and commodious. One mile from station, good pike. Walkway half a mile to station. We will also sell at the same time and place, the Bates place, 155 acres. This is strong blue grass land well adapted to cultivation. Fifty acres of timber, oak, beech, walnut and poplar. Lies just across the Greensburg and Campbellsville pike from the home place. Right of way under Trestle No. 17, on the L. & N. R. R., which makes the two tracts practically join. The Greensburg and Campbellsville pike is in extra good condition and runs broadside and front to both places. These lands are the last best bargains to be offered this generation near this historic old town. We will offer these two tracts separately and then together and the best price will be the sale. Also at the same time and place 128 acres of land on Meadow Creek. A part of the old Carlisle Place. This is good strong land adaptable to all crops. Half timber and half cleared. No buildings. Reservations—Graveyard, one-half acre, shape to be selected, around present graves by Executors; also perpetual right of way to and from the graveyard for all members of the family and their descendants.

Terms—One-third cash, balance one and two years, with notes, bearing interest from date, approved by executors.

Woodson Lewis, J. C. Lewis, Executors of Will of Ann W. Lewis, deceased.

We will take pleasure showing land and buildings to prospective purchasers at any time.

Program of the Woman's Club.

When a Man's a Man—Miss Hughes. Paper—Miss King. Poem from Their Yesterday—Mrs Murrell.

Extract from Shepherd of the Hills—Mrs. Bush. Discussion of Wright's book led by Mrs. Hynes.

The Club will meet with Mrs. Geo. Wilson, Thursday afternoon.

Come to the big road meeting next Friday. If you want a road you will have to get busy.

From Texas.

Belton, March 5, 1917.

Editor News:—Two months have passed since we came to Belton, and the third one will soon be passed. They have been pleasant ones, spent with our friends and kinpeople here.

While we are here many miles away from Columbia, we feel deeply the sorrow and distress that many of our friends back there are having to undergo.

We read with sadness the account of Mrs. Holiday's death, and express our heartfelt sympathy to the children and other relatives. She has left to the community in which she lived, her good children, a heritage far above riches. Left a widow some years ago, with some of her children not grown, and much of the time an invalid herself, she has done her whole duty, and has gone to her reward. She has stamped her Christian character upon all of her children. We are sorry to note the critical illness of Mrs. Titus Price, and trust that she may soon recover and live to be a comfort to her husband and family.

I made a flying trip to Hillsboro last week to see some of our old friends there. Eld. M. O. Ewing who used to be associated with me in the work in Columbia and other churches in Adair county, is preaching there. He has been there four years, and is held in high esteem by the church and all the good people there. His good wife and family are also loved and appreciated by the church and people. Bro. Ewing has done and is doing a fine work there.

We met also Mr. Tyler Chandler, who is one of Columbia's young men. He has been in Hillsboro since 1900, and has been salesman in a large dry-goods store all these years, and is much appreciated by his employers. His wife, who was Miss Nettie Winfrey, of Columbia, is in poor health. We did not get to see her. Mr. Scott Walker and family, of Columbia, live there, but I did not get to see him. Several Adair county people live here, but I did not have the pleasure of meeting them, as my stay was short. We spent a very enjoyable day in the home of Col. J. Z. Miller, last week. His accomplished daughter, Miss Mary, who was recently married, still lives with her father. Her husband, Mr. Schelle, is a traveling man and is on the road a good deal of the time. After enjoying a splendid dinner, we enjoyed a few hours of visiting—talking of old times and people who live and have lived in Kentucky.

This is a great place for entertainments. Last week we had Charlie Harrison, the great tenor singer of America, at Baylor College. The admission fee was \$1 and we did not go. The Choral Club will sing at Baylor College to-night, admission fee 15 cents. I think we will hear them as the price is within our reach. Then there will be a lecture at same place on Sunday School work, by a lady of state wide reputation. That is to be free, and we are planning to go Thursday and Friday at 9 o'clock each morning. I had letters last week from several Kentucky friends who live in Texas. One of them is Grant Cundiff, who lives now at Lott, Texas, and is pleased with Texas, and reports he is doing well. His home in Kentucky was near Denmark. George Coffey writes me that he is doing well in business at Merit, Texas. He lived in Russell, near Esto. Then last, but not least, one from Mrs. Sam A. Strange, of Lodi, Cal., who used to teach in our home at Montpelier, and insists that we come by and visit them on our way home. That would be a fine trip, and would be an event we would certainly enjoy, but it is a little out of the way, and the distance from there home, would be a long, tiresome one, and so we will have to forego this great pleasure and make our way homeward by the last of March. So about two more letters will close our correspondence here. We have used up all the paper and envelopes the News man gave us when we started, and so I guess it will be time to quit. I am still improving nicely. Mrs. Williams has lost 10 pounds since we came here—only weigh 170.

Z. T. Williams.

Come in to the Contest.

There will be spirited bidding here next Friday and many people are expected in town. Who will get the next road is the question. Three will enter, Jamestown, Burkesville and Greensburg, and the people who live on these respective roads will bid for the State aid money, the citizens putting up the most cash to get the aid. The meeting will evidently abound in enthusiasm, as many who are not directly interested will be on hand, enjoying the fight. It will be a worth coming miles to attend.

From Wilson's Speech.

No thoughtful man can fail to see that the necessity for definite action may come at any time if we are, in fact, and not in word merely, to defend our elementary right as a neutral nation.

Since it unhappily has proved impossible to safeguard our neutral rights by diplomatic means, * * * there may be no recourse but to armed neutrality, * * * for which there is abundant American precedent.

I am the friend of peace, and mean to preserve it for America so long as I am able.

War can come only by the willful acts and aggressions of others.

The form in which action may become necessary can not yet be foreseen.

I believe that the people will be willing to trust me to act with restraint, with prudence and in the true spirit of amity and good-faith.

I request that you will authorize me to supply our merchant ships with defensive arms, should that become necessary, * * * to protect our ships and our people in their legitimate and peaceful pursuits on the seas.

It is not of material interests merely that we are thinking. It is rather of fundamental human rights, chief of all the right of life itself. I am thinking not only of the rights of Americans to go and come about their proper business by way of the seas; * * * I am thinking of those rights without which there is no civilization.

HERE'S A HAPPY "TANLAC FAMILY"**Sisters Join Their Mother In Declaring Tanlac Meant New Start In Life For Them.**

MRS. JOHN LOWE.

MRS. S. C. BURNETT.

MISS FRANCES BURNETT.

"Someone suggested the other day that we tack a sign on our house saying, 'This is a Tanlac Family.' That's because my two daughters and I talk so much about Tanlac. We all wear the Tanlac Smile, too," Mrs. S. C. Burnett, 1408 Walnut street, said.

"But why shouldn't we talk about it when we feel that it has done us a world of good. Everyone of us has been helped by Tanlac and I'll tell you we can't say too much for it."

"First my older daughter, Mrs. John Lowe, tried it. She had lost 30 pounds and was so run down and nervous that even the rumbling of a wagon or the slamming of a door would upset her for hours. We feared we would have to send her to a hospital."

"I honestly believe that Tanlac saved her from complete breakdown. Nothing else seemed to help her. But Tanlac put her on her feet again right quick. Today she is one of the happiest women in Cincinnati."

"Then Frances became run down—sort of half-sick. She had dizzy spells. We were going to take her out of school because she kept complaining of spots and webs before her eyes. Her complexion got pasty and she didn't look a bit well. Tanlac, however, proved to be just the thing she needed and now she is back in good health again."

Mother Was Half-Sick.

"As for myself, I felt almost the same as Mrs. Lowe. My stomach troubled me. My appetite was poor and I suffered after eating with bloating and belching of gas. But with the help of Tanlac I got rid of these troubles and now I feel simply splendid."

"But I started out at first to tell

you about Mrs. Lowe. She simply thought she was going to die. She felt so bad I believe she almost would have been glad to have it all ended. It was just pitiful to watch her. Her weight dropped from 140 to 110 pounds. She couldn't eat without being sick. We had just about given her up. Then we heard of Tanlac and she tried it. All of a sudden she seemed to take new interest in life. Within a week she began eating solid food, just like she did before she had trouble with her stomach. The food nourished her, too, and she began talking on weight. She slept sound and it seemed like no time before she was feeling well again."

Helps Youngest Girl.

"One day Frances was up to see her sister. She's the youngest, you know. She was feeling bad and Mrs. Lowe gave her some Tanlac. It made her feel better and she came home and said, 'Mama, I believe that new tonic that helped sister will do me some good. 'Please get me a bottle.' So I did and do you know that in a week she began to feel better. Now she eats all she wants, sleeps well and doesn't have those dizzy spells or spots before her eyes when she is studying."

"I was such a firm believer in Tanlac by the time it had built up the health of my two girls that I got some for myself. It certainly toned up my system. I used to have nervous spells but they are all gone now. I got back my appetite and now I sleep as well as I did before my stomach started to bother me."

"I tell you Tanlac has done a lot for our family and we can't say too much good about it."

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.

The Peruna Company, Columbus, Ohio

IMPORTANT NOTICE**TO MERCHANTS**

We the undersigned, on account of the advanced prices of raw materials, are compelled to charge the merchants 3 cents for each bottle lost, and 25 cents for each case. Also advance our price on Soda Water, 5 cents on each case. Same to be in effect, on and after April 1st, 1917.

Saves Eggs

Royal Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, cornbread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by adding an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following tested recipe is a practical illustration:

SPONGE CAKE

1 cup sugar
1/2 cup water
3 eggs
2 teaspoons Royal Baking Powder
1 cup flour
1 teaspoon salt
1/2 cup cold water
1 teaspoon flavoring

DIRECTIONS:—Boil sugar and water until syrup spins a thread and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Sift together three times the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add 1/2 cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.

The old method called for 6 eggs and no baking powder

ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.

From California.

Glenn, Feb. 23, 1917.

Editor News:—

As I was writing The News a personal letter, I thought I would write a few lines for publication, as it has been seventeen years ago to-day since I left the grand old State and my old home, perhaps it will interest some of my old friends to hear from me or at least I think it should every seven-

teen years anyway.

While I have fond memories of my old home State and her people, I have been adopted to the State of sunshine and flowers, dear old California. I live in the Sacramento Valley, eighty miles north of Sacramento City, the capitol of the State. We certainly have the finest climate here of any part of the State. I will try and give you some idea of the size, fertility and resources of the Sacramento Valley, it being where I have spent my entire years in the West. Sacramento Valley is in the Northern part of the State and is from forty to sixty miles wide by two hundred miles long and is traversed through the center by the Sacramento river, a navigable stream for about one hundred and fifty miles. It heads at the foot of Mt. Shasta, the highest mountain in California fifty miles north of Mt. Lawson, now a living volcano, its source being directly south and empties into San Francisco bay. Its fertility has no equal as a fruit and grain center. Fruits such as prunes, peaches, pears, apricots, apples, cherries and figs. The Syrmerna figs does exceedingly well here, it being only one of the very few places in this country they can be grown at all and also home of the olive and grape of all varieties, the almond and English walnut do well, at least, but not last, the orange and lemon and grape fruit, there being no freezes and but very little frost. The first oranges shipped from California. East, in the fall, are grown in the Sacramento Valley, instead of the southern California orange belt as was the case a few years ago, and the demand is greater, for northern grown oranges and lemons. Two or three miles on each side of the River close up is principally grown to fruit of various kinds, and then for a number of miles on each side of the River, is grown wheat, barley, oats, rice and alfalfa, in irrigated districts, of which there is three or four big irrigation projects covering some three hundred thousand acres all together. And as a dairying and stock raising country it has no equal and the sugar beet does well here. We have three big sugar beet factories in the Valley. The foot hill section, on either side, is devoted to stock raising and various fruits that don't thrive so well in the valley. The higher altitude and mountains are devoted to lumbering and mining industries of various kinds. While we have the river for transportation purposes, we have six rail roads on the side four steam and two Electric that traverse the entire

length of the valley and still the farmer has to wait from two to three months for cars to ship their products and stock. Well, as to the market for our products there is no use to quote it, she is out of sight out of sight, and still going higher. Well, there is something else I want to call your attention to. No one living in California or even passing through could help calling your attention, and that is our road system and I am proud to mention this fact. We have the finest roads of any State in the Union, a net work of highways running all through the State, sixty feet wide, with concrete bottom six inches thick and macadamized one inch thick on top, polished and maintained by the State. The people voted twenty-five million dollars more for highways, last November, by an overwhelming majority. My own county, Glenn, the smallest county in the State, voted five hundred thousand dollars for road purposes, two years ago, and all adjoining counties have followed suit since with from five hundred to one million dollars. There never has been a single issue come up before the people to be voted upon for betterment of roads, but what has carried by an enormous majority, either by State or county, that shows what people think of good roads in California. It makes me feel bad for you people back there in old Adair on account of your roads. O wake up and to defeat State aid when you had an opportunity for help, oh too bad. When are you going to get wise? I see by The News where a great many of the younger generation that have grown up since I left dear old Kentucky, have gone west and to other parts. No wonder, the roads, that alone, being sufficient to cause them to emigrate. Now I would like to mention one more fact before I close. I live in sight of the only active volcano in the U. S. to-day, old Mt. Lawson, one hundred miles north of where I live. A grand sight to see smoke belching thousands of feet high from the snowcapped mountain in the bright summer sunshine, some sight itself. I will close trusting this short letter will interest you to some extent and perhaps I will write again in the next seventeen years anyway.

Obituary.

The grim reaper of death has again entered our community and removed from our midst, Bro. Sherman Wade. He went to Louisville some weeks ago where he underwent an operation. He returned to his home, but gradually grew worse until the end came, Feb. 27. Our community has lost one of its best citizens. He was an industrious man and had made good. He was highly respected by all who knew him. He was a member of the Baptist church and was an example for the living. We feel our loss is his eternal gain into that Home prepared for those who serve the Lord. He leaves 1 son, 2 daughters, 4 brothers, 1 sister, an aged father and a large circle of relatives and friends to mourn his loss. After funeral services the remains were laid to rest, beside his wife, in the Fairview cemetery, near Fonthill.

DAKOTA JACK

Dear Sirs:

I wish I could make other men understand how grateful I feel for the great benefit COM-CEL-SAR and your CHEYENNE INDIAN REMEDIES have been in my family. Both of my boys were weakly, puny, sickly, troubled with worms, fever, cough, catarrh, constipation, complaining of pains all over their little bodies, indigestion and their little stomachs would bloat terribly. We had tried everything we could hear of; nothing did any good, when we began using COM-CEL-SAR. You cannot know the joy we felt when both boys began to have refreshing sleep, pains stopped, indigestion stopped. They began to play, looked rosy cheeked and gained flesh, worms quit bothering them; in fact, they were like different boys altogether. My wife has derived wonderful results from the Roots & Herbs, in fact we are healthiest now, using nothing but Root & Herb medicine in the home.

Very truly,

Geo. M. Gueda.
